

# BACHELOR OF SOCIAL WORK

- A four-year professional degree.
- Gain fieldwork experience from the first year.
- Qualify and become a registered Social Worker with the South African Council for Social Service Professions (SACSSP).

Our Bachelor of Social Work degree is ideal if you have a genuine desire to promote positive sustainable change in society at scale. The qualification provides a broad understanding of social, economic, cultural, political, environmental, religious and global contexts and it prepares you for holistic and comprehensive practice with diverse and at-risk/vulnerable populations.

You will be equipped to intervene and advocate on behalf of individuals, families, groups, organisations and communities – applying a range of appropriate theories and practice models whilst guided by the South African Council for Social Services Professions' ethics, values and principles.

This is a relevant and sought-after degree that emphasises advocating for the vulnerable and protecting the environment while challenging policies to promote socio-economic development.

Dr Poppy Masinga, Head of Social Work and Development faculty and President of South African Social Work Education Institutions (ASASWEI)

### BENEFITS AT A GLANCE

This professional degree is a good choice if you:

- Are highly motivated, passionate and self-directed.
- Want to develop critical thinking and reflexive skills to challenge marginalisation and promote justice.
- Want the depth and breadth of an honours equivalent professional degree with a strong emphasis on the application of land skills.
- Want to obtain employment opportunities within government, non-governmental, faith-based and community-based organisations or business and private sector agencies or academic and research institutes.
- Want to pursue various specialised fields of social work, such as clinical social work, probations, adoptions, health care, play-based interventions and school social work.
- Want a qualification that will give you multiple academic pathways for a master's degree in the social sciences or related fields – both nationally and internationally
