

Admissions Policy

Definition of Terms

Assessment is the process of gathering a range of evidence and forming a judgement as to whether a learner has achieved a specified level of competence in clearly identified learning outcomes or standards in a module of study.

Academic Credit Accumulation refers to the process of achieving credits over time in relation to a programme of study.

Credit refers to the measure of the volume of learning required for a qualification and not academic years of study; quantified as the number of notional hours required for achieving the learning outcomes for the qualification. 10 notional study hours is equivalent to one credit.

Rules of Progression identifies the parameters governing progression through a programme of study.

Articulation refers to the parameters governing the progression from one programme of study to another programme of study.

Credit Accumulation and Transfer (CAT) is the process whereby credits obtained at one institution may be recognised by another, or the same, as meeting part of the requirements for a qualification.

Recognition of Prior Learning (RPL) is the process that gives due recognition to the life-long learning of an individual gained through formal and/or informal training, work experience, general life experience, or through any combination of the above.

Qualification is the formal recognition and certification of learning achievement awarded by an accredited institution.

Programme is a purposeful and structured set of learning experiences that leads to a qualification.

Transcript is a document issued by an institution to provide a descriptive record of the learning a student has achieved at that institution, whether or not a qualification has been awarded.

Please Note:

As this is a South African registered professional programme, preference will be given to South African citizens wishing to apply for this programme.

Foreign nationals wishing to apply for this programme will need a valid and specific study visa for the full duration of the programme, and will be required to liaise with the SACSSP in order to learn of any particular requirements, including obtaining a valid working visa, in order to register and practice as a registered Social Worker in South Africa.

Postgraduate Diploma in Coaching (PGDC) (NQF 8)

All applicants are required to undergo a screening and selection process which includes a selection interview in addition to meeting the minimum entrance requirements. Acceptance into this programme is, therefore, not automatic.

Minimum Entrance Requirements:

- An appropriate Bachelor's degree (NQF level 7) or appropriate Advanced Diploma, or SAQA verified equivalent qualification. 5 years of post-qualification life and/or work experience is an advantage.

Or

- Applicants 24 years of age and older who do not meet the above requirements should provide a portfolio of evidence demonstrating formal, informal, and non-formal knowledge, training, work experience, and/or learning in a cognate field of study equivalent to an NQF level 7 qualification to support admission into the programme on the basis of Recognition of Prior Learning (RPL).

Bachelor of Social Science Honours in Psychology (NQF 8)

All applicants for this programme are required to undergo a screening and selection process.

Minimum Entrance Requirements:

- A minimum of an appropriate Bachelor's Degree (NQF level 7) or appropriate Advanced Diploma with a psychology major, having achieved a grade point average (GPA) of 65% and/or above in all psychology subjects undertaken in the final year (exit level) of study.

Or

- Applicants 24 years of age and older who do not meet the above requirements should provide a portfolio of evidence demonstrating formal, informal, and non-formal knowledge, training, work experience, and/or learning in a cognate field of study equivalent to an NQF level 7 qualification to support admission into the programme on the basis of Recognition of Prior Learning (RPL).

Bachelor of Social Science Honours in Psychology [BPsych Equivalent Programme]: The same minimum entrance requirements apply to applicants for this programme, however, as per the Health Professions Council of South Africa's requirements, the maximum number of applicants accepted into this programme is limited to 15 students per approved campus, i.e. Cape Town, Johannesburg, and Pretoria campuses.

As this is a South African registered professional programme, preference will be given to South African citizens wishing to apply for this programme.

Foreign nationals wishing to apply for this programme will need a valid and specific study visa for the full duration of the programme, and will be required to liaise with the HPCSA in order to learn of any particular requirements, including obtaining a valid working visa, in order to register and practice as a Registered Counsellor in South Africa.

Bachelor of Social Science Honours in Human Resource Management (NQF 8)

All applicants for this programme are required to undergo a screening and selection process.

Minimum Entrance Requirements:

- A minimum of an undergraduate degree with a human resource management, industrial psychology, or organisational psychology major (NQF 7), having achieved a grade point average (GPA) of 65% and/or above in all human resource management-related subjects undertaken in the final year (exit level) of study.

Or

- Applicants 24 years of age and older who do not meet the above requirements should provide a portfolio of evidence demonstrating formal, informal, and non-formal knowledge, training, work experience, and/or learning in a cognate field of study equivalent to an NQF level 7 qualification to support admission into the programme on the basis of Recognition of Prior Learning (RPL).

Master of Social Science Honours in Community Mental Health Promotion (NQF 9)

All applicants for this programme are required to undergo a screening and selection process. Acceptance into this programme is limited to a maximum of 20 students per campus per academic year.

Minimum Entrance Requirements:

- A relevant Bachelor Honours Degree (NQF level 8), relevant Postgraduate Diploma, or SAQA verified equivalent qualification in a recognised cognate field with a grade point average (GPA) of 65% or above.

Or

- Applicants 24 years of age and older who do not meet the above requirements should provide a portfolio of evidence demonstrating either by examination, research experience, publication, considerable relevant work experience in the field, or a record of appropriate training and/or development, that they have reached a level in the subject or a cognate subject, that is equivalent to the learning outcomes of an Honours Bachelor's degree/NQF 8 qualification. RPL applications for this programme are only considered for admission into the programme and not for advanced standing or module exemption.

Foreign Student and Foreign Qualification Admission Requirements

In accordance with South African law, non-South African citizens must have a valid study permit in order to be admitted into any qualification.

The study permit/visa must be valid in terms of both the time-period for the full duration of study, as well as the name of the learning institution.

Furthermore, foreign applicants must have their highest qualification assessed, verified and certified by the South African Qualifications Authority (SAQA) for minimum entrance requirement comparison before they can be considered for admission into a SACAP qualification.

Registration with South African Professional Bodies:

South African registered Professional Bodies may impose restrictions on foreign nationals wishing to practice within a registered profession in South Africa. As such, after completing their professional

studies at SACAP, graduates will need to liaise with the relevant professional body regarding any specific requirements needed in order to register and practice professionally in a particular profession in South Africa. This could include, but is not limited to, obtaining a valid and specific work permit.

Rules of Progression

In order to progress through a programme students are required to complete the prescribed modules including all pre-requirements and co-requirements, assessments, and attendance requirements within the prescribed maximum period of study and students are required to have met any conditions associated with their initial registration.

Credit transfer or RPL for advanced standing or exemption for some modules in a qualification can only be achieved in terms of the prescribed rules for credit accumulation and transfer and/or recognition of prior learning, as outlined in SACAP's CAT and RPL Policy, in accordance with the HEQSF (CHE, 2013) and the CHE's RPL, CAT and Assessment Policy (2016).

A pass mark for a module is achieved by a weighted average of 50% being achieved, with the exception of a few experientially-based modules where the minimum pass mark specified is 60%, i.e. Work Integrated Learning (WIL).

With regard to programmes that constitute more than one academic year, students have to successfully complete a minimum of 80% of the credit value for a given year. This includes the completion of the Academic Literacy module within the first academic year of study.

Refer to SACAP's Rules of Academic Progression Policy.

Rules of Articulation

The South African Higher Education Qualifications Sub-Framework (HEQSF) (CHE, 2013) is designed to facilitate vertical, horizontal, and diagonal progression.

The point of entry in the target programme must be such that at least 120 credits are undertaken at the exit level (i.e. the final year of study) at NQF levels 5 to 8, or 180 credits at NQF 9, or 360 credits at NQF 10.

A student who fails to complete the requirements for a qualification for which they are registered may not be awarded an early exit qualification. For example, a student who is registered for a degree programme, but decides not to continue with their studies after the first year, may not be awarded a lesser qualification, e.g. a Higher Certificate, instead.
